ABOUT US

Albral Alliance is a marine support service company that offers leading solutions for companies across the oil and gas sector. Our innovative edge in the maritime industry gives our company its reputation of delivering exceptional services tailormade to satisfy our clients. We keep up with industry trends using technology as a tool to optimise our operations as well as incorporating eco friendly measures to our service delivery.

Through the knowledge and experience our founders have gathered over the years, we have been able to build basic operational frameworks applicable in the marine and oil and gas industries around the globe. However, we are also aware of the unique and ever changing cultural and political contexts in each geopolitical zone and we take this into account in our delivery process.

We continue to strengthen our pillars of our success by continuously upgrading our safety and quality standards of operations, extensive global experience and network, human resource development, job creation for qualified individuals.

Reliability is our duty to our clients and business partners across the globe and we understand the value of exceeding expectations therefore we are your unmistakably viable and reliable support service provider now and for the future.
